St. Paul's Volunteer Program

It takes many skills and a variety of departments for St. Paul's to be successful. Our volunteers play a huge role when it comes to our service, compassion, and operations. Help serve more than 1,000 seniors each year, from those living independently to those with physical or cognitive impairment.

Volunteer Opportunities

St. Paul's offers a broad range of volunteer experiences including:

Operations: Human resources, marketing, dietary, and reception

Residential: Arts and crafts, gardening, movie nights, companionship, and religious services

Child Care: Story time readers, play ground helpers, and event support

Services: Musicians, event dance partners, and painters

We welcome businesses and school groups!

Help host ice cream socials, holiday parties, and event decorating

Vaccinations

Volunteers 18 or older must comply with St. Paul's policy for an annual influenza (flu) vaccination and must do a tuberculosis (TB) screening. TB testing and health screenings are offered by St. Paul's at no cost to the volunteer upon acceptance to the volunteer program.

Child care volunteers must provide influenza, pertussis, and measles records.

Volunteers 18 and under, business groups, and donated services are excluded from needing a TB test and health exam.
