St. Paul's PACE Nominated for Project of the Year in the San Diego Housing Federation's Annual Awards Program

City Heights' Talmadge Gateway Project was recognized, together with Wakeland Housing and Development Corporation, and City Heights CDC

SAN DIEGO, CALIF. (April 25, 2018) - St. Paul's Program of All-inclusive Care for the Elderly (PACE) was nominated for the San Diego Housing Federations (SDHF) annual Ruby Awards program in two categories for its Talmadge Gateway project, which was done in collaboration with Wakeland Housing and Development Corporation, and the City Heights Community Development Corporation (CDC).

Talmadge Gateway - San Diego's first supportive housing community for formerly homeless seniors with medical needs - was recognized in the categories of CSH Supportive Housing and Project of the Year: New Construction.

The SDHF's annual Ruby Awards are the county's largest affordable housing industry recognition event, honoring the best people, projects, and achievements during the past year. Every year, hundreds of housing and community leaders from across the region and around the state will be on hand to applaud winners in more than a dozen categories and be inspired by their achievements. This year, the program will take place on Thursday, May 3, 2018 at the Prado in Balboa Park.

The Ruby Awards recognize excellence in affordable housing and community development, highlighting the accomplishments of people, agencies and developments that work to ensure all San Diegans, regardless of income, have a safe, stable place they can afford to call home.
