St. Paul's PACE Named One of San Diego's Favorite Home Care Programs

SAN DIEGO, CALIF. (Oct. 29, 2018) – St. Paul's Program of All-inclusive Care for the Elderly (PACE) was recognized as one of San Diego's favorite home care programs in the San Diego's Best Union-Tribune Readers Poll. Each year, the publication reaches out to its readers and asks them to vote in more than 175 categories for their selection of the "Best of the Best" in 2018 in San Diego County.

The San Diego Union-Tribune "recognizes not only the top vote-getters or 'Best' in each category, but those that are considered 'Favorites,' having received votes and thus recognition in each category." St. Paul's PACE was chosen as one of San Diego's favorite home care providers.

Carol Hubbard, executive director of St. Paul's PACE, was extremely proud of the award, "Our home care providers care for San Diego's most frail and low-income seniors. Our home care providers are certified nursing assistants, so they are doing more than personal care, cleaning, and meals; they have a medical eye on our participants to be sure they are taking medications and are safe at home. If they notice a change in condition, they report it to our medical team. They are true angels. Our participants love them."

Last week, several St. Paul's PACE team members, including CNAs, caregivers, as well as the administrative and executive teams, celebrated the honor with lunch, awards, flowers, and gifts.
